# Serhii Gavrylyuk

## Junior Front-end developer

I am a young Front-End developer, with analytical thinking, high knowledge of HTML, CSS, JavaScript and React. Well-developed organizational skills. Ambitious, responsible, punctual, goal-oriented, always ready to learn and gain new experience. Friendly, team player with a good sense of humor. I want to work in a good team, I am sure that I can bring a lot of useful things from my technical experience. Also, when communicating with colleagues, I am sure to gain even more interesting knowledge, improve my skills and work on new ones. The ability to focus on details and plan time are also strengths that will help your company save nerves, money and time

## Project experience

### Independent implementation of the project

- [WebStudio](#), [GitHub-repository](#), (HTML, SASS, JS) A website of WebStudio company. Responsive design, transform effects, modal windows.

**Role: developer**
